Charleston, WV 25311

Dear Mr. Todorovich-

We received your May 28th letter regarding the HMGP projects under DR-4273 and placing housing as top priority going forward. On behalf of the Kanawha County Commission, I would like to thank you and commend you for enacting this policy. Though temporarily, I hope this policy will initiate a sense of urgency to aide those displaced by the catastrophic floods of 2016.

The Kanawha County Commission has remained a voice for our citizens during this process of rebuilding those devastated in 2016. They trust that we are staying vigilant and carrying out decisions with their best interest. While I appreciate the shift in priority for projects under DR-4273, I must express my concerns for all projects for 2016 flood victims. We have residents still waiting for funding that are residing in temporary housing 3 years later. I have attached 19 applications including 87 families that have been submitted in accordance with the requested documentation. I respectfully ask for a timeline as to when they will receive their funding under DR-4273.

I would like to take this moment to reiterate my full support of Major General James Hoyer and the outstanding work he continues to do for all of those devastated. I feel he has been a catalyst in this project moving forward.

I look forward to hearing from you regarding a timeline and am hopeful this temporary policy aides in a swiftness in providing long-awaited relief to our area victims. Thank you for your time.

Sincerely,

W. Kent Carper
President
Kanawha County Commission
